CONTENTS

GBV

Gender-based violence (GBV) is foremost a violation of human rights, and a global health issue that cuts across boundaries of economic wealth, culture, religion, age, and sexual orientation.

GBV refers to any act that is perpetrated against a person's will and is based on gender norms and unequal power relationships.

Examples of GBV

1. INTIMATE
PARTNER
VIOLENCE

2. SEXUAL
VIOLENCE BY
NON-PARTNERS

3.
CONFLICT-RELATE
D GENDER-BASED
& SEXUAL
VIOLENCE

GBV Health Risks

1. Female Genital
Mutilation (FGM)

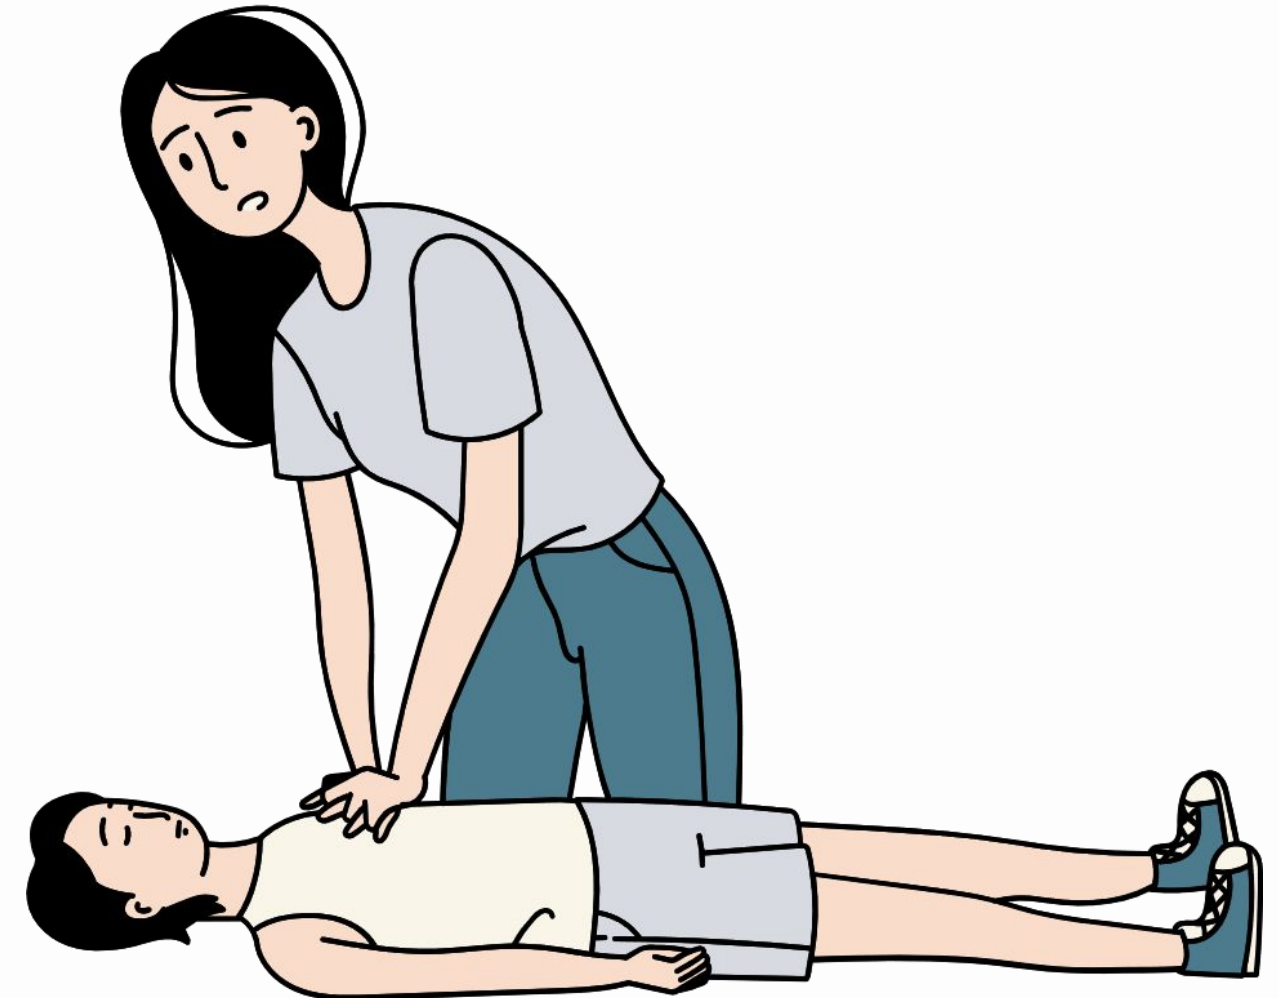

2. Honor Violence/
Violence in the name
of honor

3. Early/ Child
Marriage

4. Human trafficking

First Aid Workshop
